

# Starting Point Baskets

*a gift of basic household items for newcomers*

Welcome a refugee family at the starting point of their new lives by preparing a basket for them in three easy steps:

1. Invite your family, friends, company, school, or group to collect items on the list.
2. Pack items (new items only, please) in a sturdy container that can be reused by the family.
3. Contact us at [www.startingpointworld.com](http://www.startingpointworld.com) to drop off your basket to us. We will deliver your basket to a new family in the area.
